

The Inman Middle School Foundation's mission is simple:
to provide a stable, long-term funding source for the people, programs and technology that will help to make Inman the best middle school—public or private—in Georgia. The Foundation focuses on supporting the Systems & Resources and Talent Management elements of Inman's strategic plan.

WAIT, DIDN'T I DONATE ALREADY? HOW IS THE FOUNDATION DIFFERENT FROM THE PTO? You may have donated to PTO and received a receipt with the Foundation name. This was a result of the Foundation serving as a financial go-between while the PTA converted to a PTO. The Foundation and PTO have distinct and important functions, requiring separate operating budgets, boards and fundraising drives. The Foundation focuses exclusively on long-term funding to support the System & Resources and Talent Management elements of Inman's strategic plan. The PTO provides support for the Culture and Academic Programming elements of the plan. Please visit our website at www.inmanfoundation.org to learn more about these distinct roles.

GIVING LEVELS: Donations of any size are welcome. A donation of \$500+ includes our donor celebration event and other benefits! Every donor will receive a 2017-2018 supporter car magnet and recognition on our website. Visit www.inmanfoundation.org to view the benefits of each level.
