Paul Vincent Cleary

Greeting in the Lord Jorge,

How wonderful a thing that you have sort my friendship, I must have made an impression and certainly touched I am.

A hard life I have lived Jorge, a very hard life this time around, a fighter and a survivor I most certainly am, I must say that you are looking more and more suited to the role of Peters chair every day, it does look like some of Jesus grace is rubbing off on you, and deservedly so.

I have much to tell you and do so long to be walking the gardens of wonderful Mother Church, pondering and meditating in deep thought and understanding, a long hard and painful road that it has been by so many wonderful and great people that have walked her corridors that soon now our fight against the age old enemy of ancient of days is almost over with their elimination from existence.

It is Happy Extinction Day celebrated yearly that I am looking so forward to but first there is but a little way yet to go and victory my good man is assured, most certainly it is, that not all of hell can stop it now, to even assume that they could is the equivalent in assumption from a mere person in society to say that evil doesn't exist or from the most learned of persons that God is just a story, a fable at best.

Oh how I do like the sun rise in the morning as Jesus light is the Son/Sun so to by the light of the Silvery Moon for it also helps in the protecting (killing) at night, the eyes are the windows to the world and the soul.

What a perfect plan of The Godhead with our Beautiful Women and their input always sort and at times I might add, a most valuable input indeed, to even have caused and helped in the victory for US.

Well at least we all shall live forevermore to keep on seeing the Suns Rising from the East and the Moon also, this is just a common sense knowledge that it could never change and evil will never rise to see anything again as they had pinned their hopes on a dead world with no life to her whatsoever, well they truly are idiots & morons anyway in the true from of idiots & morons, who believe that their way is right and ours is wrong, this alone should describe their thinking let alone their mentality towards all those whom fight for goodness and righteousness as so sad that this has been meaning those who have had to die for the cause.

Well thank you for seeking me, ask and it shall be given you, seek and ye shall find, knock and the door shall be open unto you and so it has been with my heartfelt warm embrace at accepting your request.

Do so send all my love to all within her walls and if not possible because of the obvious, thus our secret correspondence, then please store it up for future announcement.  
Yours, every day and always in Christ Jesus,

Mr. Paul V. Cleary The St Paul and the person who is The Holy SPIRIT

And, Oh so much more this I AM Pope Francisco I, but I am not he the most high, the Wonderful Man himself who is God.

I do so love the name Francisco and The Jesuits - "The Men In Black", Mother Teresa's "Spiritual Darkness", shiny "gloss" of space, deep space, black it is my true powerful form the Holy SPIRIT and the Gloss the Shine is My Light.

Do take care all and hear back from you soon Jorge, God Bless....

Greetings Jorge,

Beloved in Christ.

I forgot to make note as to who Father's choice is for Pope 267, as ideal as it has turned out, and please pass on to Paolo not to feel to bad about his error for upon leaving the cafe it was told me that you said, maybe you will be Pope one day we will see, it was Jesus and the vision was he fails and it is an Irishman, this I did not mention that all our planning leads to the now, so it was meant to be Paolo.

Well I was hoping it be an Irishman but he is only in name for his current training and background in terms of birth and the Protestants to bring America together is perfect. It is to be Cardinal Edwin F. O'Brien so too being a fighter, as he is from the Bronx and the US forces.

Yes thank you and likewise to you Jorge, typing this current reply on my tablet laying down as you just messaged me.

Please Jorge,

I can understand your nervousness but do not be of such for I am but still a man yet special that I am, well so special, I am looking forward to my power and my deep voice that will make some to shake at the knees if I intend so.

Do tell me, do I have your support for mine is not to demand, will or order change to my own liking and desires in Mother Church, no the voice of the most high shall herald this in if not Yeshua himself.

If I have your support I do desire of urgency a letter and most certainly indeed not for the public's viewing for much needs to be discussed and organised before the media should get wind of our correspondence thus knowledge of who I am besides it is business as normal with you as captain of the unsinkable ship until which time Edwin is appointed.

I have no need to create God's wrath against me to my souls eternal pain with the little coward the devil damned in sheol for lying and causing trouble to God's Church Jorge.

So your email address thank you Jorge?

Yours today and every day in Christ,

St Paul who is the Holy Spirit

Please understand the seriousness of the situation Jorge, it would seem that just have not and must see me as a mentally deranged person or similar, which most certainly am not, I am exactly who I say I am, please do not retire, do not retire the world needs to know about how you have been setup that they can unite Jorge, that the Christian World can unite for the first time as true now the Full and Complete Body of Christ, to change and conquer not only the whole globe for Christ but help in the spiritual right against the old evil enemy and thus help to eliminate them, they will be so excited and happy to.

So please Jorge what do you now have to say for like Joseph you have sort my friendship as God's Plan is unfolding exactly the way that it should.

I await your urgent, your very urgent reply now Jorge.

I just heard the news about the UN report, I agree with them about the Vatican's attitude towards those evil mongrel devil priests raping innocent defenseless children, they should all be warned with the fire and brimstone threat of God to cometh clean and be honest and that God will have them tortured if they don't tell the truth and leave his/our Church immediately.

Shame on you Vatican, absolutely shame on you.

And I am warning you freemasons also, you are not of God or controlled by God, the name means absolutely nothing fools, you are a deceived and deceiving jezebel setup over long-time to now be in the position to control the Church, God does not need any external entity control sorry Bro interfering in our Church, we are in control and the bitch devil knows it and wants to be in control, he can fiat never get her like the woman who are love.

God calls humanity his children and their rights are way far above any rights of an evil priest, they lose any such rights the instant they become criminals and I am telling you they are very evil criminals at that.

All is planned and in place now for me to come out in the open, to the world's shock and the evil realms demise and peril and extinction.
