

United States Senators, Congressmen & Legislative Assistants

You are cordially invited to attend a series of presentations on
February 5th & 6th sponsored by Lawless America
Lawless America * 770-578-1094 * Nobodies@att.net

Over the past year, Lawless America has traveled the country filming people who have been harmed by corruption in our courts. Upon compiling thousands of video testimonials from citizens from all across the United States for a documentary film, it has become apparent that the Constitution and laws written by the Legislative Branch are being disregarded by the Judicial Branch of government.

This rampant disregard for the laws is captured in the video testimonials from every state in the nation. The purpose of holding presentations in DC is so citizens may explain the vast problem to their legislators in person, while requesting action be taken to reign in a branch of government that is clearly out of control, the Judicial Branch.

Feb 5th 2:00 - 6:30pm

Cannon Office Building, Room 441
