

Trafford Metropolitan Borough Council

Dear Mr Jefferson

Thank you for your email of 9th October 2016.

I have included below all buildings sold by the Council since 2010 through its Land Sales Programme. It is not possible to confirm whether these are buildings that the Council have been “forced to close” due to Government cuts, as we cannot assess what decisions the authority may have made in different financial circumstances. The Council has had an active programme of disposing of assets for many years prior to 2010.
