

Dear Mr Jefferson

I have been informed that as the enquiry only relates to buildings forced to close due to Government cuts, the response would be there are nil such closures. Services have been moved to an alternative location within the borough.

For your interest a list of all the Councils required mitigation measures are published on the Cabinet website each Oct/November. Should you wish to check for any future service cuts information, the budget reports may be of assistance to you. I have included the website link:
