

Welcome to the 10<sup>th</sup> edition of Write On.

## This Issue:

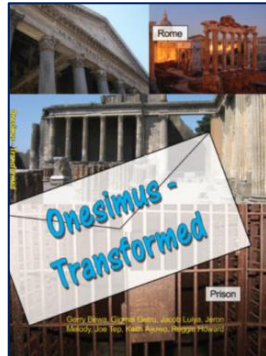

- Apology
- New Book
- Exporter - eBooks
- Next New Book
- Contacts
- Look Ahead

## Apology

I regret that there has been such a long delay between the previous issue and this one. I was out of the country for 12 months and arrived back a few weeks ago. I very much want to get back in touch and see some more of your writing.

## New Book

Included with is newsletter is a complimentary copy of our newest book, **Onesimus – Transformed**: A story from 2000 years ago in another land, yet it reads like a story of today that we can all relate to.

I would love to hear back from you what you think of it.

## Exporter - eBooks

The term “eBooks” refers to books that are distributed in electronic form rather than printed on paper. These books are purchased and downloaded from the internet. They can be read on smart phones, tablets, eBook readers, and computers. The directors of CBM agreed to have some of CBM’s books converted to this format and distributed worldwide.

Currently one CBM book is available this way, **Josiah – Chain Breaker**. The next book, **Groping for God**, will be available in the next

days or weeks. Other books are being prepared, including **Living Your Dreams** and **Onesimus – Transformed**. They are being distributed through the major worldwide retailers of eBooks: Apple, Amazon, Nook, Kobo and others. Do you realize that PNG has now become an exporter of copyrighted, homegrown, intellectual property? PTL!

## The Next New Book

We are preparing to send our next PNG authored book to the printers. It is a second book by Leslie Mamu. The title is **Human Resource, Our Great Wealth**. It is a great book that will bring tears of joy and feelings of pride to all Papua New Guineans. We are a great nation, by the grace and goodness of God. Our diversity of people groups, cultures, customs celebrations and languages makes us unique in all the world. Rather than finding fault and placing blame we should step back and see to great things God is doing in the Independent State of Papua New Guinea.

## Contacts

I began a website a while ago dealing with writing. And I have posted all the issues there of **Write On**. The web-address is: [www.creativebiblicalwriting.blogspot.com](http://www.creativebiblicalwriting.blogspot.com) or you can Google **Creative Biblical Writing** and be led there.

We also have a page on Facebook. Search for **Christian Books Melanesia** and press “like” on the page and you will receive any updates.

## Look Ahead

I am still getting my bearings from arriving back here, but I have been asked to continue with writer’s workshops and any other means of encouraging the writing of more books. Please pray for me and pass on any suggestions. I love to be involved with you in these things.

Thank you and God bless.
