RE: Letter of Recommendation  
March 2, 2012

To Whom It May Concern:

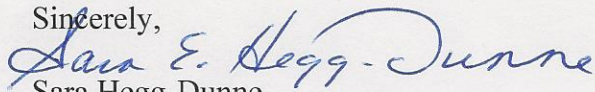

Rock N Prevention at Grinnell Middle School was a huge success. The coordinator Patrick Fleming, did a wonderful job facilitating the activities and building rapport with the students.

The songs, dances, and activities all focused on the benefits of making good decisions, not giving in to peer pressure to use drugs or alcohol, and building a caring community.

Students and staff both thoroughly enjoyed the day's activities and many were visiting about the event during lunch and recess time. A true testimonial to the presentation making an impression with the students.

In closing, I would recommend Rock N Prevention for middle school age students. They had a great time and there was opportunity for thoughtful reflection and follow up discussion.

Sincerely,

Sara Hegg-Dunne  
Principal, Grinnell Middle School
