

## Response to Request for Information

Reference      FOI 000499  
Date            11 October 2016

### ***Council Buildings - Closure***

**Request:**

Please kindly provide a list of council-run buildings (including Libraries, Day Care Centres, Community Centres, Schools and Administrative bases) which your Council has had to close since 2010. Please provide the name of the buildings and the postcodes of the buildings.

Such closures would include those where people have to seek the same type of service from a different location\* which already exists (or maybe there is no alternative available). \* If there are any scenarios where a service provision is not closed but relocated across the road to another council building I don't require information on that.

I require the list to include buildings closed and disposed plus buildings that are re-let following service closures.

I'm only interested however in the buildings in which you provided a service that you were forced to close due to Government cuts to your budget making it no longer financially viable for you to keep such buildings open.

The reason why I require this information is to get a picture of the effect of any Government cuts to council budgets which in turn is forcing councils to find ways to make savings.

[In response to your request please see below list of buildings that have been vacated as part of service reorganisations or closure.](#)

[Please note a number of these will have been let to other organisations, some within the Council.](#)
