MOBILITY-SCOOTER ATTRACTION GUIDE

THE WHY

Having grown up traumatized with fear with a terminally ill father in a wheelchair before the Americans w/ Disabilities Act (ADA) existed; this guide is written from me (with love and understanding of your hardships) to **YOU** to help make life a little easier for you and everyone in your party.

It may not be perfect, but it's a great place to start. 😊

If you have questions regarding an attraction's accessibility at the park, always ask first. I think you'll be surprised how helpful park attendants and Guest Services can be. Some attractions even have special entrances for guests with disabilities. **Disney Disability Services Line: 407-560-2547**

Written by Michael D Roberto

(another passion fueled by my dad)

Mikey's ATTRACTION COLOR CODES:

GREEN (GRN) – You will not have to transfer out of your scooter. **NOTE:** Sometimes within the attraction, there may be another attraction that requires more effort.

[Currently 62% of Disney attractions]

YELLOW (YEL) – Requires transfer from scooter to ride system either by self or with assistance of party member. Employees are not permitted to lift or help guests in transferring from their scooters.

[Currently 18% of Disney attractions]

RED (RED) – Similar to YELLOW, requires extra step of transfer from scooter to supplied wheelchair, then again to ride vehicle. With the reverse at end of the attraction.

[Currently 17% of Disney attractions]

BLACK (BLK) – You must walk.

[Currently 4% of Disney attractions]
