

Reverse Osmosis units

080031	Mini SL 30-K	nano tanklar için mini RO ünitesi 30 litre/gün	3.802,54 TL
--------	--------------	---	-------------

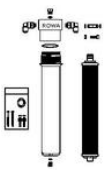

- includes:
- KF5 combifilter
 - L30 membrane 30 litre/gün with lip-seal
 - water tap connecting kit
 - flush valve PA-SV7
 - PE-tube

ROWA system - tools

ROWA system filter modules with various prefilters

ROWA system housing complete with:

- * 2 elbow speedfit connectors
- * 2 plugs
- * connecting tube
- * wall mounting set
- * housing connection set
- * PE-tube
- * O-rings

011200	ROWAsystem filter module with KF10 combifilter to protect membrane from chlorine - sediment filter pore size up to 5 µm and activated carbon	2.144,14 TL
011500	ROWAsystem filter module with desalination filter MB05B - e.g. for silicate removal desalination (e.g. removal of silicic acid or nitrate from raw water)	4.408,24 TL
011600	ROWAsystem filter module with silicate filter MWSi - for selective silicate removal	2.032,65 TL
011700	ROWAsystem filter module with aseptic filter AMF for optimum hygiene	2.689,92 TL
011620	selecting valve SV-h only for ROWAsystem units - chemically nickelled - with hand wheel - can be sealed off completely	1.033,09 TL
011810	automatic flush valve for reverse osmosis units - flushes unit automatically	3.348,76 TL
011910	conductivity control system iletkenlik kontrol sistemi - profesyonel RO kontrol for reverse osmosis units - controls quality of the permeate	2.816,37 TL

ROWAsystem membranes and filter elements - yedek kartuş ve filtre elementleri

A * Filters elements		
012105	SF5 sediment filter up to 5µm pore size only for ROWAsystem MINI 30, SL30	202,33 TL
012106	KF5 combifilter, 5 µm pore size and activated carbon only for ROWAsystem MINI 30, SL30	722,77 TL
012110	SF10 sediment filter up to 5 µm pore size	337,99 TL
012210	KF10 combi-sediment filter, 5 µm pore size & activated carbon	2.398,92 TL
113110	POU-Filter cartridge AMF activated carbon & block filter. removes: - particles, sand. - lead, copper - pesticides, medical residues - bad taste and odour - microorganisms > 0,15 µm	2.249,79 TL
012311	AK10 activated carbon filter e.g. removal of chlorine and organic substances	1.013,11 TL

012511	MB05 desalination filter desalination (e.g. removal of silicic acid or nitrate from raw water)	2.398,92 TL
012611	MWSi silicate filter -selective silicate filter	608,16 TL
052020	disposable activated carbon filter CLRO - KF10 yedek kartuş 10" activated carbon filter for ROWA-Standard	1.212,04 TL
052025	disposable sediment filter CLPF 10" sediment filter for ROWA-Standard	710,59 TL
114102	sediment filter U - for Super-ROWA 5"	428,83 TL
114111	sediment filter MC1005 - for Super-ROWA 10"	614,00 TL
114201	activated carbon filter element GAC5 - for Super-ROWA 5"	736,81 TL
114202	activated carbon filter element - for Super-ROWA 10"	921,98 TL
114212	combi filter MKCA10 - for Super-ROWA 10"	1.395,64 TL

B * Membranes with lip-seal

052005	RO-membrane 1807-L-30 l/d approx.30 l per day. 5" membrane. for Mini SL30 and SL30	2.172,99 TL
--------	---	-------------

Spare parts for ROWAsystem units

013005	ROWAsystem head	incl. cover plate	449,88 TL
013006	Cover plate for ROWAsystem head		88,10 TL
013010	ROWAsystem lower housing part		359,44 TL
013011	ROWA system housing, silber		1.326,97 TL
013020	plug for ROWAsystem housing	1/8" - thread incl. O-ring	118,90 TL
013024	O-ring for plugs	10 x 1,2 mm	25,34 TL
013026	O-ring for membrane (2 pieces)		67,44 TL
013028	O-ring connecting tubes (2 pieces)	5,5 x 1,5 mm	25,34 TL
013050	water faucet connection kit, complete - flat seal - 3m tube 6/4	thread 3/4" on inside	382,05 TL
013055	dowel pin for connection SF5-T30/L30 with MINI 30, SL, DIN 7, 4 x 20 mm		42,88 TL
013060	wall mounting set *- 2x F6-dowel - 2 wood screws 4 x 30		25,34 TL
013080	PB extension for SL 30	12 x 175 mm, drilled	173,48 TL
013090	manometer 0 - 10 bar, with brand name needle	1/8" connection	675,99 TL
014104	connection, straight 10 – 6		116,95 TL
014860	T-connection 6 mm		136,45 TL
053155	flush valve PA-SV7 PA-flush valve, pre-set min. flow approx. 7 l/h	- incl. flow adjustment wheel	811,66 TL
053160	flush valve PA-SV13 PA-flush valve, pre-set min. flow approx. 13 l/h	- incl. flow adjustment wheel	811,66 TL
060131	ROWA PE-tube, blue/red/black 3 meter	6/4 mm / basınçlı hortum Ca Reaktörü için	760,98 TL
040810	ROWAkön, 1000 ml- bottle e.g. to preserve reverse osmosis units and membranes	preservative	276,79 TL
543100	TDS-Meter water quality tester for getting the total weight of solids in ppm (parts per million) and checking the membrane		969,93 TL

ROWA®phos PO4 & SiO2 Adsorber

040405	ROWAphos 500 ml for 1000 - 2000 l fresh water or 500 - 1000 l sea-water (at 1 ppm phosphate)	1.511,04 TL
012000	ROWAphos In-line Filter Filter for effective phosphate removal incl. ROWAphos	584,77 TL
168101	ROWAphos Sponge, square 5 pieces á 12, 5 x 12,5 x 1 cm	385,95 TL
040201	ROWAdur special granulate for Calcium Reactors - even at a high degree of hardening only slight decline in pH - effective due to large surface area - no addition of PO4	5 l bucket 3.998,60 TL
