

2019 Webb City Farmers Market Volunteer Application

Activities during Christkindlmarket

I give permission for any photographs taken of me, my family, staff or products to be used for educational and promotional purposes. *(cross through if permission is not granted)*

Date

Signature

During the months of November and December the market hosts a Christkindlmarket on Saturdays from 9 to noon. The market welcomes groups or individuals that would like to add to the holiday spirit by leading children's or adult crafts, singing, demonstrating holiday skills like ornament making or baking.

We welcome guests who would like to demonstrate and/or give samples of favorite holiday recipes. The health department permits non-hazardous baked goods and candies (in other words, baked goods and candies that do not have to be refrigerated) to be sampled at the market even though they were prepared in a home kitchen as long as there is a sign on the table stating that it was not made in an inspected kitchen. Any other dishes – meats, side dishes, appetizers, must be prepared in an inspected kitchen which the market has on site. The market will reimburse ingredient costs, if you desire, if you provide us with receipts. We will also provide any set up – tables, hand washing station, burners, serving cups/plates/napkins etc that might be needed and can photocopy the recipe if provided to us prior to the market. We look forward to celebrating the season with you!
