

In answer to your request, the council can provide the following information in respect of council buildings used for delivering services but which have been closed since 2010. You should note that the closures have arisen partly due to budget pressures but also as a result of the ongoing rationalisation of the Councils delivery of services , and whilst some services may have ceased we cannot link this as you have requested due to the mixed nature of services delivered from individual buildings.

| Property | Postcode | Date of closure |
|--|----------|-----------------|
| Astley Road Council Offices | M44 5DW | 31/8/11 |
