

Marybeth Hatcher

Marybeth Hatcher is new to the Elite family and has quickly earned the reputation as one to watch out for. Her first competition was the 2010 Vulcan Classic on April 17th in Birmingham. She placed 2nd in Open Figure and 3rd in Masters Figure.

This 37 year old Hoover resident has been a special education teacher for 16 years and enjoys traveling and scuba diving in addition to fitness and contest prep. She is originally from Syracuse, NY and has always led an active lifestyle. Unlike many Elite girls and actually any physique competitor, she enjoys **extreme** torture **"My favorite workouts are Saturday mornings at 6:45!"** Are you nuts!?! Well, I see that as a good thing actually. Living in a different state I have to deal my own affliction and often wish I had the company of the other girls and Greg. Fortunately for Marybeth she takes advantage of this opportunity and it has paid off for her. **"It takes a lot of hard work and dedication, but it is well worth all of it!"**

Another perk of being in this industry is the ability to be surrounded by like-minded and healthy people **"I have already made great friends that I wouldn't trade for the world!** I have learned a lot about myself, improved my self-confidence and learned to believe in myself! You can accomplish anything if you set your mind to it! **I am proud to be part of the "Elite" family!"**

So what's on tap for Marybeth now? The Southeastern USA and reaching her goal of qualifying for nationals!!! Keep working hard Marybeth and welcome to the family ;)

"Growing up the son of an educator , I have a special place in my heart for those who work with or coach children. **I often call them SAINTS OF A DIFFERENT KIND because I sure couldn't do it LOL !!!!!** " Mary Beth dug her heels in and pushed herself to a new level all while dealing with her normal everyday hectic life of tutoring and mentoring children. It takes a strong will to help others and still dig down and push yourself . I'm looking forward to seeing Marybeth on the Level 5 and national level in 2011...
