AVG.COM/RETAIL LINK FOR WEBSITE PORTAL:

Make sure you are free from below points.

- ◉ If you are an existing customer of AVG Anti-Virus make sure you update your previous anti-virus program or just uninstall it and reinstall the new AVG Antivirus software.
- ◉ If you are using any other anti-virus software such as McAfee, Norton or Avast then you need to remove that conflicting software because it can conflict the installation of AVG Antivirus or it can just slow down the speed of your computer.
