

## **Jack and Diane Scholz - 5300**

Give a hearty welcome to Jack and Diane Scholz, who came to PCAW from Williamsburg in July. They had resided in Peleg's Point since December 1995.

Diane was an Army brat whose family called Colorado home. Jack lived in Denbigh until age 11, when his mother married an Army officer and Jack became a brat too. Jack enlisted in the Army Reserve and through that attended West Point graduating in 1956. He received a MS in engineering from Purdue University.

Diane attended Hiram College in Ohio. And where did they meet? Jack's family lived near Diane's family at Fort Bliss. When Jack was home on break, his sister said "I know just the girl for you" and introduced them. Later, Diane went with her family to Germany. Jack thought that was too far away, took leave, and married Diane in Heidelberg in 1957.

Jack spent his Army career in Ordnance and retired in 1981. Subsequently, he worked as business manager in a large law firm, taught in the business college at St Ambrose University and then worked in the Aerospace industry until 1994.

Diane and Jack raised three lovely daughters. Diane and Jack are golfers and belong to the Williamsburg Golf Club. Diane likes to knit, sew, cook and read. Jack enjoys woodworking and refinishing and has built lovely pieces for their home.
