

It's simple. The more you cruise, the more little check marks you get.

All VIFP Club members are special, even if you've never cruised with Carnival before. That's why the benefits start as soon as you join, with special things like members-only promotions.

Every time you come back, you get an exclusive Sail & Sign card that shows the world what a VIFP you are. Plus you get other cool benefits like collectible Carnival items, invitations to members-only cocktail receptions, priority boarding and more. All aimed at making each cruise a little more special and a lot more fun.
