

You Were Born For Such A Time As This

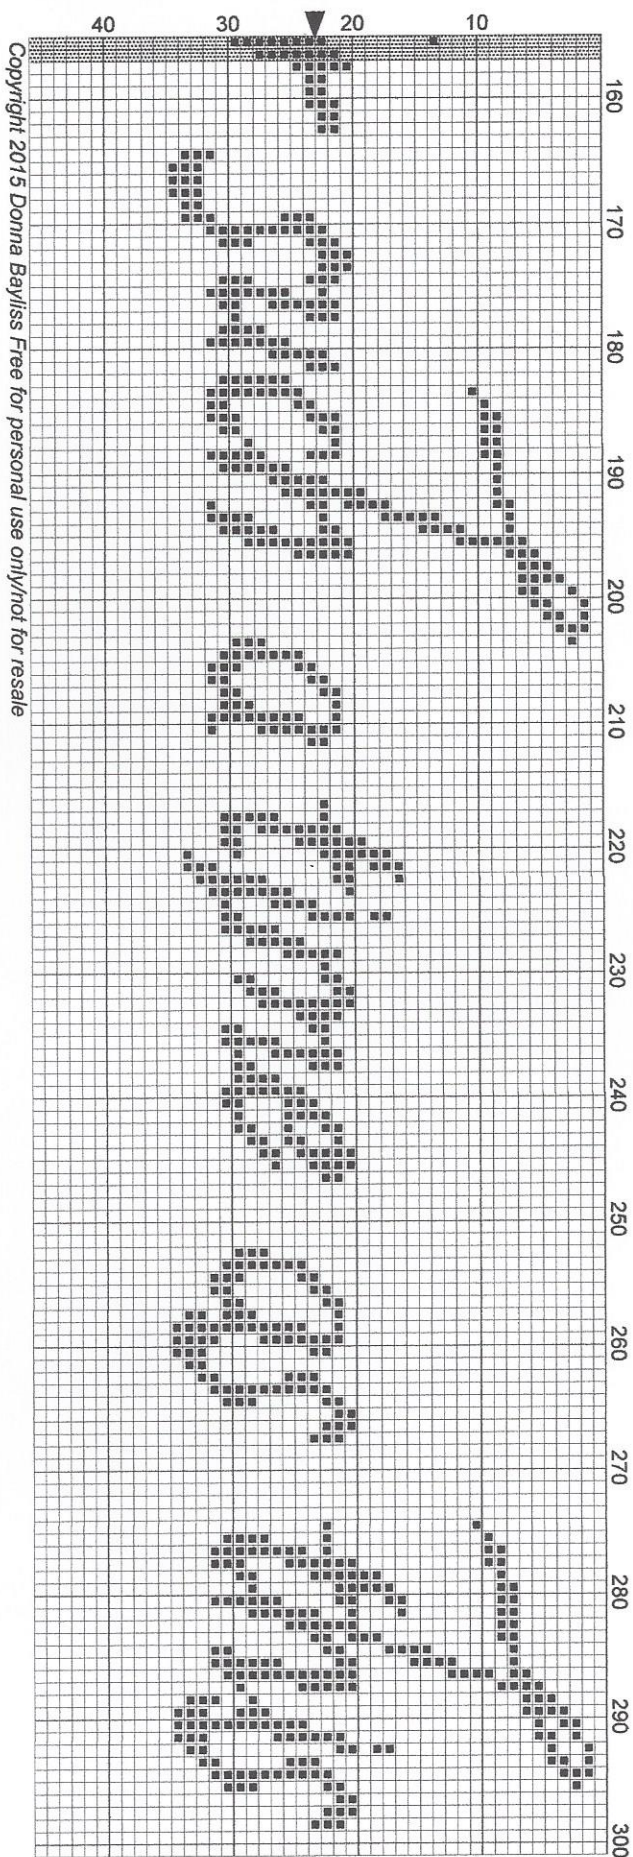

I believe we are living in such a time as we have never seen before.....I am reminded often of the story of Queen Esther from the Bible and how she took a stand for her people and her faith..... she was told by her cousin Mordecai that maybe she was born for such a time as this.....I believe this pertains to all of us.....we must know that we were wonderfully made and our lives have purpose.....so let your light shine.

We were definitely all "born for such a time as this"

Stitch this reminder and hang in your home.....you are special, be blessed and seek Peace for you soul.
