

THE LITTLE MERMAID Jr.— COSTUMES

Prince Eric

PRINCE ERIC should look similar to the Disney version as much as possible with a billowy white renaissance/pirate top, blue or navy pants, red sash and tall black boots (or boot covers). For the party scene later in the show, Prince Eric needs to be in his official military dress, so only a jacket needs to be added. Check Pinterest for ideas on embellishing a white dinner jacket OR surf the internet for purchasing a “PRINCE CHARMING” costume as pictured here. The cost varies from \$25-\$45.
