

## **Africa Power Point Rubric 2012: 50 points**

### **To meet standard:**

Ready to present on assigned day; project has been emailed on time; class period/country name on subject line

Title slide with name of country and group members

Map slide that shows location of country on the continent

Slide with basic background information: type of government, type of economy, population, ethnic/religious groups, per capita income, literacy rate, life expectancy

Slide on the top challenge the country faces; remarks demonstrate understanding of the challenge; demonstrates evaluation and synthesis of research material; appropriate visual

Slide on the top opportunity for the country; remarks demonstrate understanding of the potential; demonstrates evaluation and synthesis of research material; appropriate visual

Slide on the top success for the country; remarks demonstrate understanding of the success; demonstrates evaluation and synthesis of research material; appropriate visual

Slides have limited written information and rely on visuals to help tell the story

Source slide includes at least 3 varied sources including at least one newspaper or journal from the country studied

All students speak, use of note cards (handed in); shows that presentation has been practiced; able to respond to questions

### **To Exceed the standard**

Unique visuals that help with the understanding of the content

Evaluation of challenges, opportunities and successes shows in depth research and understanding of the topic; good insights and observations

Use of wide range of sources (at least 6) including at least 2 sources from the country

Responses to questions demonstrate in depth knowledge of the topics
