How Many Angels Are There? A deeper look at Rev. 5:11

Revelation 5:11 Annotated by Creighton Lovelace: And I beheld, [John looked] and I heard [what did John hear?] the voice of many angels [He's looking at and hearing angels - where are they?] round about the throne and the beasts and the elders: [note that the angels encircled not only the throne, but the (numbered) beasts (4) and the (numbered) elders (24)] and the number of them [the angels' whose voices were heard] was ten thousand times ten thousand, and thousands of thousands; [essentially they are innumerable]. NOTE: Chart above from the Estate of the late Baptist Pastor Clarence Larkin (1850-1924).
