

WHAT THEY ARE ALREADY SAYING ABOUT ***YOU'VE BEEN TRUMPED TOO***

The most important film of the year!

- **Tara Bradu, *The Irish Times***

There could hardly be a more urgent or relevant film than this.

- **Peter Bradshaw, *The Guardian***

This time, the “You” in the title is the United States.

- **Ben Kenigsberg, *The New York Times***

If “You’ve Been Trumped” was a cautionary tale, “You’ve Been Trumped Too” is a ticking time bomb!

- **David Ehrlich, *IndieWire***

Astute and damning documentary that charts Donald Trump's path of destruction

- **Nikki Braughan, *The List***

A fascinating and blistering documentary..... every US voter should see this film before heading to the polls

- **Maria Duarte, *Morning Star***

You've Been Trumped Too is equal parts heart-warming and soul destroying.

- **Robert Welbourn, *Screenjabber***

A timely and necessary reminder of Trump's practices.

- **John Bleasdale, *CineVue***

Unlike *TrumpLand*, Baxter lands heavier blows, that in effect bring the story he's been reporting on close to full circle. It's a compelling documentary.

- **Simon Brew, *DofG***

I shed tears during this documentary. 5 STARS!

- **Carlie Newman – *CLOSEUP Film***

There's a revealingly cruel anecdote at its center. Truth doesn't matter, greed rules, and if you aren't powerful enough to hit back at Trump, then the hell with you. The movie raises a valid question...how would Trump, if elected, treat the American people?

- **Owen Gleiberman, *Variety***

An excoriating documentary looking at Donald Trump's duplicity. The heroes are stamped-upon people – people like you and me. The bad guys are about to be the political establishment.

- ***The Daily Mirror, LONDON***
