

1 detectives had interviewed in excess of eighty witnesses and have followed up on hundreds of  
2 investigative leads in the case. For the past several months, we have heard from various sources  
3 that a digital video recording exists of the murder of Saunders but to date no one in law  
4 enforcement has been able to confirm the existence of this video.

5 One of the persons purported to have a copy of this video is a female known to me as [REDACTED]  
6 [REDACTED] On October 13, 2011 the body of Carina Saunders was found dismembered and stuffed in  
7 a duffle bag in Bethany, Oklahoma County, Oklahoma, an obvious victim of homicide. Your  
8 applicant has received information from various sources that a digital video recording of the crime  
9 or some portion thereof exists and that a female identified as [REDACTED] has a copy of this video.  
10 Detective Austin Warfield spoke with [REDACTED] on July 2, 2012 at her cell phone number [REDACTED]  
11 [REDACTED] and she agreed to come to the police department for an interview. However, she never  
12 showed. Shortly thereafter, I received a call from the office of a local attorney whom I know and  
13 he stated that he had been contacted on behalf of a woman who supposedly had a video of a murder  
14 but was scared to come forward.

15 On July 3, 2012 Detective Warfield obtained an order to ascertain the physical location of the  
16 cell phone referenced above and used by [REDACTED]. We had received information that she was in the  
17 vicinity of the Studio Six Motel at 3850 S. Prospect. I proceeded to that location and observed a  
18 female appearing to be [REDACTED] walking outside in front of the building. Myself and Detective  
19 Warfield made contact with her, determined it was in fact [REDACTED], and learned from her that  
20 she was staying in a nearby room at the motel. She took us to room number 118 whereupon we  
21 knocked on the door and allowed those inside to see that Cottier was outside. When the door was  
22 opened from the inside, I produced a badge, announced I was a police officer, and that I wanted to  
23 speak with those inside. Through the open doorway I observed in plain view a handgun laying on

1 the bed. For officer safety reasons, I made entry and secured the room by having all occupants step  
2 outside, leaving the weapon laying in plain view on the bed.

3 Room 118 is rented to CHRISTOPHER BANSCHBACH, white male, born August 8, 1985;  
4 both he and a female were inside the room. The female asked why she was being detained and I  
5 replied because there is a gun, and probably methamphetamine, inside the room. Neither of them  
6 denied my statement about meth likely being in the room, but BANSCHBACH denied any  
7 knowledge of a gun. It should be noted that while he was making this denial, the gun was within  
8 his arm's reach, in plain view, on top of the bed. A records check reveals that BANSCHBACH has  
9 felony convictions in Oklahoma County case numbers CF-2009-6624, CF-2010-960, and Cf-2010-  
10 5174 and by being in the room with the above referenced handgun is in violation of Oklahoma  
11 Statutes Title 21 Section 1283. All of these felony convictions include drug possession charges,  
12 specifically methamphetamine, and one count in CF-2010-5174 is for possession of  
13 methamphetamine with intent to distribute.

14 While inside the room securing the firearm I observed on top of a nightstand a trace amount of a  
15 tannish powder, which based upon my training and experience appears to be methamphetamine. In  
16 BANSCHBACH'S left front pants pocket was a cell phone and a large sum of currency; it appeared  
17 to be three separate stacks of twenty dollar bills folded together, and appeared to total several  
18 hundred dollars. During the time I was there BANSCHBACH's cell phone rang repeatedly.  
19 Additionally, the motel manager told me that last night, July 2<sup>nd</sup>, 2012, there was a lot of foot traffic  
20 in and out of this room, so much so that she had to shut them down and stop them from having  
21 additional visitors.

22 Because the currency was separated into stacks of a certain amount, and appeared to be all  
23 twenty dollar bills which is a common amount for street-level drug sales, and the high volume of

1 cell phone calls, foot traffic in and out of the room, BANSCHBACH'S multiple drug/meth prior  
2 convictions, and what I believe may be meth residue on the table top, it is my opinion that this  
3 room is being utilized by BANSCHBACH to conduct illegal drug activity.

4 I respectfully request that a search warrant issue directing a search of the premises located in  
5 Oklahoma City, Oklahoma County, Oklahoma:
