Here's what these long-time Divas have to say:

When I first started my Celebrating Home business I had no clue as to what I was doing or how to get my business out onto the search engines . When I saw Gina Kevorkian post about the Selling Divas, I called her right away. It was the best decision I have ever made . ~ Cindy S.

TheDivasThing.com was the next step towards growing my direct sales business, and for that I have to thank Gina Kevorkian. She is the founder of The Selling Divas, a networking group that I belong to. I have become friends with hundreds of Divas in the direct sales industry and we are learning together. By Gina creating TheDivasThing.com, she has made our shopping for tools of the trade that much easier...as in one-stop...one flat shipping rate! ~ Gilma A.

Instead of spending valuable time searching for that special hostess gift or gardening tool we can now do it in minutes on TheDivasThing.com. By shopping for everything on one website we also save on shipping costs. ~ Julia G.
