

Nottinghamshire County Council

Dear Mr Jefferson

Further to your email of 27 October, please find attached the Council's response to your request for information.

Enclosed is list of closed properties since 2010. This is from a Property perspective of when a sale took place or the lease was ended.

I can confirm the following Children centre buildings have been closed, but remain NCC buildings for now:

Carlton Children Centre (NG24 3HS) - services now moved to another local children centre. Building is now the responsibility of corporate property but remains an NCC building at present.

Ladybrook Children Centre (Rosebrook building - the centre has 2 buildings and this one wasn't used) NG19 6EW - This is owned by NCC but I am not clear what property colleagues are planning to do with it.
