

Decorating your Journal

You will need:
Tools
Gluestick
Rubber/clear stamps
Inkpad

If you don't own rubber/clear stamps use your computer to print out what you need or cut up magazines.

Choose a theme for your decorating your book. I chose birds, flowers, butterflies, hearts and also relevant travel stamps and sayings.

1 Collect together stamps that you have that suits your theme.
Travel related stamps

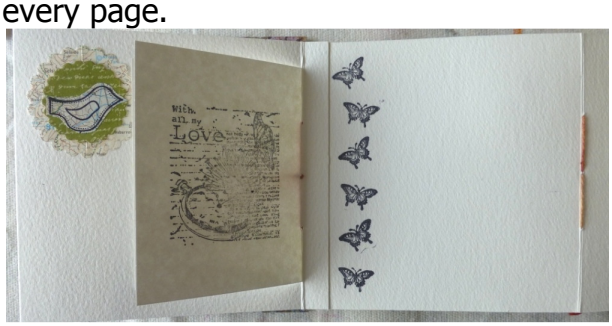

Sayings

Scripture stamps

2 Work through your journal adding a stamped image or an embellishment onto every page.

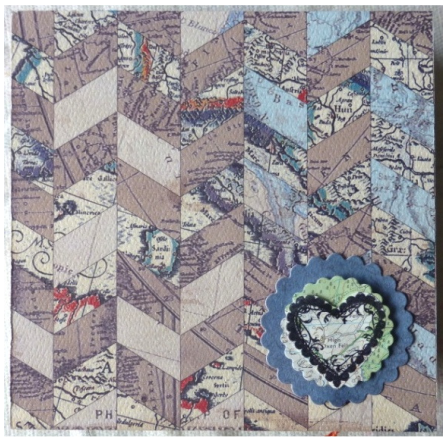

3 Put an embellishment on the front cover.

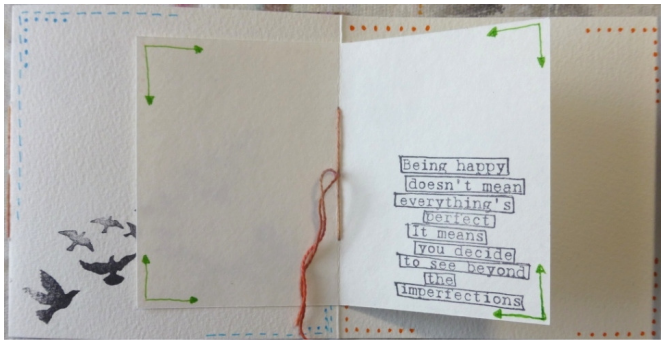

4 Decorate the edges of each page. Use 2 or 3 colours of pens and draw dots or dashes. You could use scroll shapes or leaves – whatever you choose.

Your journal is ready for your journaling.

You can see a travel version of this zigzag journal here.
