Thank You!

Thank you so much for downloading this product. I hope your children enjoy it!

Be sure to check out my website at www.doodlebugacademy.com for more freebies and ideas!

Please let me know what you would like to see. Email suggestions to melissa@doodlebugacademy.com.

Enjoy!

Instructions

Counting skills can be taught and reinforced with these turtle cards. You and your child can match the number turtles with the number words. Or you can make two copies of the numbered turtles and match numbers only. You could also use these turtles to play Memory. Mix the numbered turtles and have your child put them in the correct order. The ideas are endless! Included in this packet are 18 digital clip cards that count to five using numbers or number words. It is also recommended that you print on white card stock for a sturdier product.
