

# Handling Job Offers

# 10. Pray and Prepare

Getting the offer should be a non-event, all the praying, talking and discussing should be done by the time it arrives. Don't delay. Get ahead of it.

And my God will meet all your needs according to the riches of His glory in Christ Jesus.      Philippians 4:19

## 9. Counter only if ...

Negotiate in good faith.

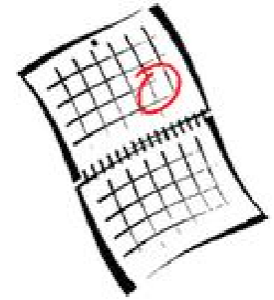

ONLY counter if you will accept it

(not think about it further) if your terms are met

*The laborer is worthy of his wages. /*  
*Timothy 5:18*

## 8. “When Can You Start?”

A two week notice is what's expected ...  
no more, no less

## 7. Benefits

It's okay and  
a good idea  
to see a  
benefits in  
brief prior to  
saying yes

**401K**

**Medical Insurance**

**PTO**

***Flexible Spending Accounts***

**Telecommute**

**Education Reimbursement**

## 6. Current Job – Counter or No?

If you are currently working,  
have you completely ruled out  
accepting a counteroffer?

Think about how giving your  
notice is going to go

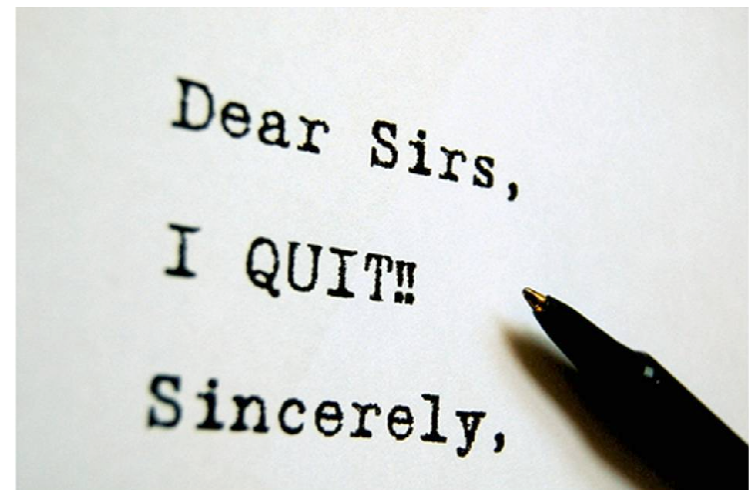

*“... But let your "Yes" be yes and  
your "No" be no ...” James 5:12*

## 5. Wait to Resign Until ...

Do not give notice until ...

- ✓ references checked,
- ✓ background check cleared,
- ✓ drug test passed and
- ✓ written offer provided

## 4. Employee 2.0

Think about what you want to change about yourself at your next job.

It's an opportunity to reinvent, improve or at the very least "tweak".

### 3. I Love My Job Because ...

Money aside...have reasons why  
this is a good job for you to have.

Again, money aside

## 2. Imagine

Can you picture yourself working there?

For as he thinketh in  
his heart, so is he ...

Proverbs 23:7

# 1. It's okay to walk away.

Don't stress if it doesn't come together  
and you have to walk away.

If it doesn't feel right...don't take it.

Have peace and remember;  
Jesus has our best interest in mind -  
**always.**
