### Assembly Instructions:

We recommend using PVA (or white) glue and that some parts are best painted **PRIOR** to gluing the building together.

1. Glue along bottom edge and tabs of **Front and Back Walls** and insert into corresponding slots in the **Sidewalk**. Glue edges and tabs of **Side Walls** and glue into corresponding slots, making sure the external decorations face outwards.

2. Using the following Pictures as a guide, glue the **Front Wall Decoration Pieces (circled in RED)** to the walls as shown. Repeat for the **Back Wall**.

Front Wall

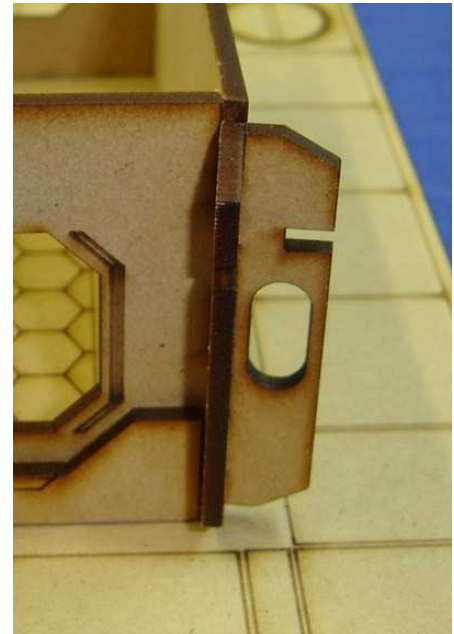

3. Glue the **Side Decorations Male and Female** together as shown to

make left and right handed versions.

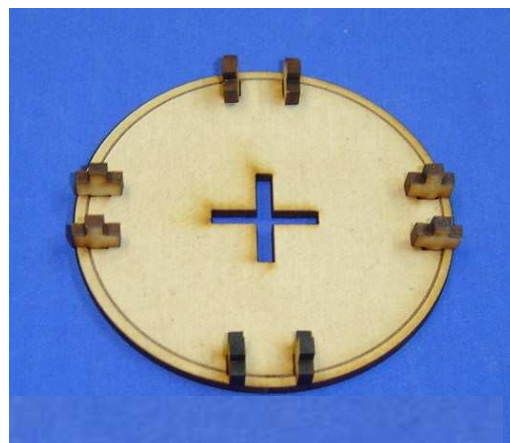

4. Glue the **Side Decorations** to the corresponding slots in the join between **Front and Back Walls** and **Side Walls**. The 3mm

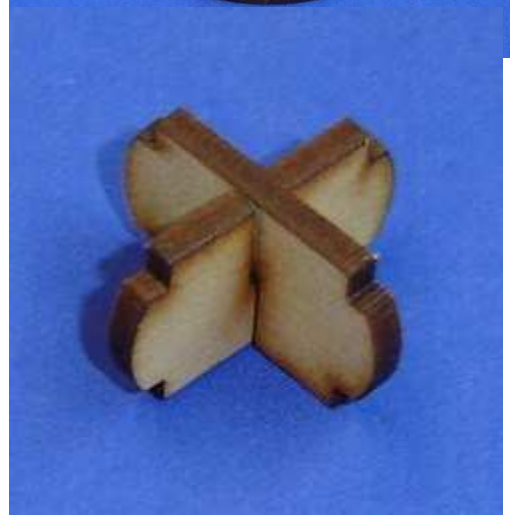

notch in the **Side Decorations** goes uppermost. Ensure the **Side Decorations** sit flush with the walls.

5. Glue and insert all eight **Bench Seat Supports** into the corresponding holes in the **Table base**.

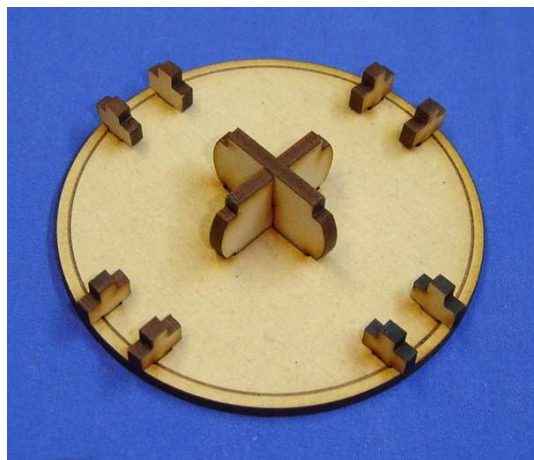

6. Glue and slot **Legs** as shown.

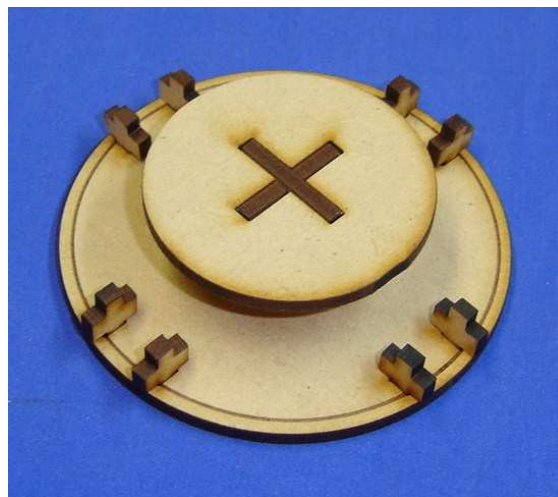

together **Table**

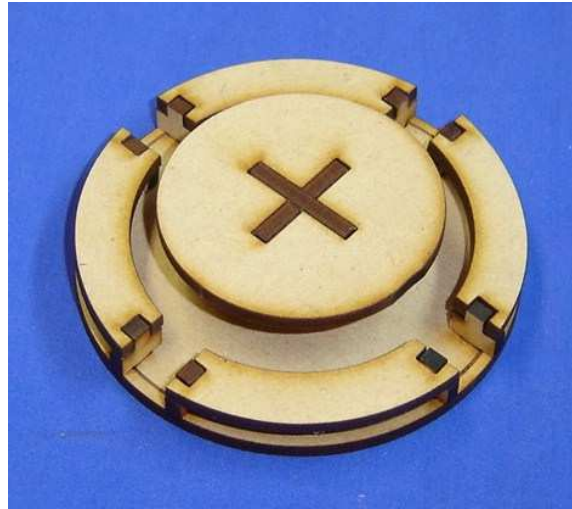

7. Glue combined **Table Legs** into cross-shaped slot in **Table Base** as shown.

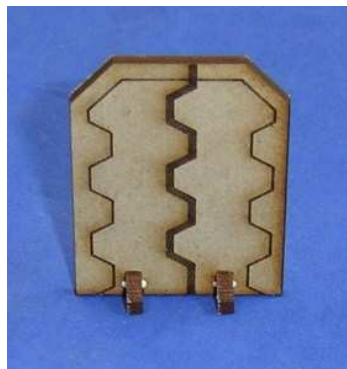

8. Glue the **Table Top** onto the top of the combined **Table Legs** as shown.

9. Glue **Bench Seats** onto **Bench Seats Supports** as shown.

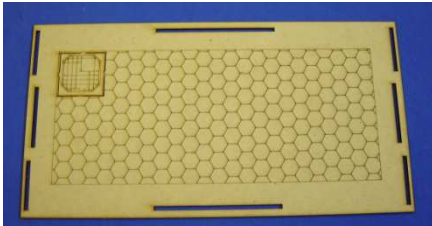

10. Glue the **Door Supports** into the corresponding notches in the **Door** bottom edge.
