

Identity: Sonship Journaling Prompts

Are you quick to defend yourself? Are you concerned about what people think of you?

Did you know that you have the right to exercise power and authority in God's name? If you didn't before, how will this knowledge change your prayer life?

Do you enter boldly into the presence of God? Do you take advantage of the place of privilege you hold?

In your relationship with God, do you live like a son or a slave?

What kind of identity issues do you have?

- slavery is about what you do - sonship is about who you are
- slavery is about **doing** right - sonship is about **being** right
- slavery is about obeying (in fear) - sonship is about friendship
