

Guidelines for fun and and safe dancing

The **Waxhaw Line Dancers** strives to make our Friday night dances as enjoyable as possible for people of all ages and levels of ability. It is our intention to create a dance space that is welcoming and safe for all ages while honoring all parties involved. The following guidelines have been framed to facilitate the participation of good and considerate dancers of all ages.

- Dances are primarily geared toward adults and while children are welcome and may be able to participate in some of the dances, please be aware that most of the dances may be above their skill level. We suggest that you bring along activities they can enjoy (books, games, etc.) and play quietly while seated at a table when others are dancing.
- No one is to be on the dance floor during dances unless they are dancing. This is for the children's safety as well as for the benefit and safety of those dancing.
- We ask parents who bring children to maintain an awareness of where your children are and what they are doing, even if you are dancing. Please remind them that they cannot run in the building or be disruptive, particularly during teaching. Indoor voices, indoor feet. Again, this is for the safety and enjoyment of everyone.

Thank you for your understanding and participation!
