#GivingAngelsFoundation

Welcome to the 17th Annual Giving Angels Foundation Benefit!

The money raised today will go toward providing grants to families who have a child with a physical disability or illness. Special consideration will be given to lower income and single parent families. If you know anyone who might be interested in applying for a grant or would like additional information regarding the Foundation, please see contact information below.

The Giving Angels Foundation was established in 2001. Since that time, we have raised over **\$600,000** and given grants to over **700** families by providing assistance or purchasing an item that will enhance the everyday life of the child with special needs. We have donated computers, special swings, strollers, washer/dryers, paid hospital bills and school tuition, built special stairs, installed a stairglide and much more. We look forward to continuing to fulfill our mission by awarding more grants this year with the funds raised at this benefit.

The Board of the Giving Angels Foundation thanks you for your support...we couldn't have made this possible without all of you!
