

Vintage-Style Teddy Bear

1/4" seam allowances included on all pieces

Vintage-Style Teddy Bear

FRONT

cut 2

1/4" seam allowances included

Assembly:

See step-by-step photos of assembly on whip-stitch.com

- 1) Cut all pieces as indicated. Make sure for FRONT and BACK that you cut a right and a left piece!
- 2) Place FRONT pieces right sides together and stitch along belly line using a 1/4" seam allowance. Repeat with BACK, backstitching at each DOT and leaving an opening to turn.
- 3) Press seam allowances open on BACK and to one side on FRONT.
- 4) Stitch face on HEAD front, using embroidery floss and a vintage button.
- 5) Attach HEAD front and back to FRONT and BACK at neck, using a 1/4" seam. Press seams toward HEAD.
- 6) Place FRONT and BACK right sides together and stitch around entire outer edge. Clip all curved edges by snipping into seam allowances.
- 7) Turn right side out and stuff.
