Youth Centre closure was part of a programme change and how we engage with young people and the assessment of buildings being fit for purpose. A driver for this change is linked to efficiencies and reallocation of funding towards targeted need.

The Riverside Centre was used by Adult & Community Learning – as offices and for classes. 5 years ago it was found that the building did not comply with Fire Regulations and CBC did not have the budget to make the building compliant. The staff who worked in the building were relocated to Kingsland, Houghton Regis and the classes which were run there were relocated to varying venues – one of which was the library which was already being used for classes.

Please treat this as a formal response under the Freedom of Information Act 2000 (please see below for our review procedures if required).

Yours sincerely,

Mulmer
