Adam Tebrugge
Attorney
ACLU – Florida

Mr. Tebrugge:

Speak Up Florida is a not for profit organization functioning in the heart of central Florida since July 2014. We maintain an active role in the community by educating and empowering the vulnerable and marginalized to become leaders and advocates for the Movement to End the New Jim Crow.

This being said, it is with enthusiasm and sincere solidarity that the board of directors of Speak Up Florida endorses the campaign for the **Homeless Bill of Rights 2017**. With this endorsement we also provide authorization to utilize our logo for the social media campaign regarding the **Homeless Bill of Rights**.

Sincerely,
