Dear Ms. Cheadle and Ms. Spero,

Thank you for updating the Judicial Council website to include my entire written comment for the October 25, 2013 Judicial Council meeting. On behalf of those members of the public, who I submitted their comments for them, thank you for making their comments part of the permanent public record of what the Judicial Council knows of the public fleecing via extrinsic fraud and AOC employee falsified court documents, in the matter of Bruce J. Kelman and Veritox, Inc., v. Sharon Kramer, San Diego, California.

However, I am still concerned that the Judicial Council members, including AOC Director Jahr and Chief Justice Cantil-Sayauke, did not actually see the public's comments because my letter was originally cut off in the written comments they were provided.

As I requested prior, (see my prior email of Oct 25th <http://freepdfhosting.com/b15e098ea8.pdf>) could you kindly have Justice Douglas Miller, Chair of the Judicial Council Executive and Planning Committee, provide written verification to me that Judicial Council members, including AOC Director Judge Jahr and Chief Justice Cantil-Sayauke, received my, and thus the public's, comments in their entirety?

Partial letter as seen on the Judicial Council web site on October 25th (pdf pages 3 -6):

Letter as it appears now on the Judicial Council website (pdf pages 3-8):

If you all or Justice Miller are confused as to why confirmation of Judicial Council members, including Chief Justice Cantil-Sayauke and AOC Director Jahr, receiving my and the public's comments in their entirety, is so important to many people's lives; please visit the blog post of Katy's Exposure "TOXIC MOLD! Judicial Council Updates Website W/Evidence of Extrinsic Fraud" Short link: <http://wp.me/plYPz-3G9>

Thank you for your help. Please thank Justice Miller for me, too, for [providing the opportunity to give written comment](#) to the Judicial Council members; and for his anticipated verification that they actually received it.

Sincerely,
Sharon Kramer
