

Dear Mr Jefferson

Freedom of Information (Scotland) Act 2002

Request for Information – Council Building Closure

I refer to your request for information dated 15 October 2016

The information you requested was:-

Please kindly provide a list of council-run buildings (including Libraries, Day Care Centres, Community Centres, Schools and Administrative bases) which your Council has had to close since 2010. Please provide the name of the buildings and the postcodes of the buildings.

Such closures would include those where people have to seek the same type of service from a different location* which already exists (or maybe there is no alternative available). * If there are any scenarios where a service provision is not closed but relocated across the road to another council building I don't require information on that.

I require the list to include buildings closed and disposed plus buildings that are re-let following service closures. If there is a scenario where the building is closed but still under council ownership then please include that in the list.

I'm only interested however in the buildings in which you provided a service that you were forced to close due to Government cuts to your budget making it no longer financially viable for you to keep such buildings open.

Response

Relative to the above, I am advised of the following:

Perth and Kinross Council has not closed any buildings due to Government cuts since 2010.
