

# EVOLVING PATIENT ASSISTANCE FROM JANSSEN

## FOR INSURED PATIENTS WHO ARE FACING ACCESS AND AFFORDABILITY CHALLENGES

Janssen believes that access and affordability challenges shouldn't stand in the way of patients and their medications. That's why we are evolving our patient assistance to support insured patients who have inadequate coverage. As of January 1, 2023, Janssen medications may be provided free of charge to eligible patients who are insured through commercial, employer-sponsored, or government plans that do not fully meet their needs.

# HOW DO I ENROLL?

## STEP 1

**REVIEW THIS GUIDE, INCLUDING TERMS AND CONDITIONS, TO SEE IF YOU ARE ELIGIBLE**

## STEP 2

**DOWNLOAD THE PATIENT ENROLLMENT FORM AVAILABLE AT [WWW.NEWPROGRAMINFO.COM](http://WWW.NEWPROGRAMINFO.COM)**

- If you are enrolling for support with a Pulmonary Hypertension medication, you must use the **Patient Enrollment Form (For Pulmonary Hypertension)**

## STEP 3

**COMPLETE THE PATIENT ENROLLMENT FORM**

- Please note, the Patient Enrollment Form must be completed by both the patient (or their caregiver) as well as their healthcare provider. The Patient Enrollment Form for Pulmonary Hypertension does not require information from the healthcare provider
- Healthcare providers may assist their patients by populating and submitting the form. Signatures are required from either the patient or their legally authorized representative

## STEP 4

**GATHER ANY REQUIRED SUPPORTING DOCUMENTS**

**Supporting Document requirements may vary; please refer to Patient Enrollment Form.**

- Insurance information: copies of the front and back of all insurance card(s) (e.g. medical, pharmacy, etc.)
- Proof of Income: a copy of your most recent Federal tax return (1040 or 1040-SR)
- Prescription Expenses (Medicare Part D patients only): a report from your pharmacy, or Explanation of Benefits (EOB) statement from insurer that shows patient out-of-pocket costs for current year

## STEP 5

**SUBMIT THE COMPLETED FORMS AND SUPPORTING DOCUMENTS BY WORKING WITH YOUR HEALTHCARE PROVIDER**

**After you work with your healthcare provider to complete and submit this form, we will determine your insurance coverage, needs, and eligibility to match you with a Janssen program that meets your needs. We will provide update(s) to you and your healthcare provider on the status of your enrollment.**

# WHAT ARE THE TERMS & CONDITIONS?

## PATIENT ASSISTANCE PROGRAM

You may be eligible to receive your Janssen medication(s) free of charge for up to one year if you have been prescribed a Janssen medication, have a financial hardship, and are currently enrolled in government, commercial, or employer group health insurance.

You must meet the eligibility and income requirements to qualify for the patient assistance program.

You are not eligible for free Janssen medication if your health insurance will cover the cost of your Janssen-prescribed medication if this application is denied. Some employers, insurers, and other companies force patients to apply for medically necessary medications from free product programs instead of covering such medications directly and immediately through insurance, which could lead to delays in care and discriminate against lower-income patients. These types of "Assistance Diversion Programs" are generally established by companies that profit by diverting resources away from patients in need. An Assistance Diversion Program is any insurer, employer, or third-party program that withholds coverage or payment for Patient's medically necessary drug until Patient has completed an application for free product assistance. Assistance Diversion Programs are prohibited by Janssen to make sure that help is available for patients with no safety net in place. Your insurer must submit a Patient Eligibility Certification form to confirm that your drug coverage is not subject to an Assistance Diversion Program.

You may not seek payment for the value of Janssen medications received from this program from any health plan, patient assistance foundation, flexible spending account, or healthcare savings account.

Before you enroll in the patient assistance program, it is important you understand that you will be asked to provide personal information that may include your name, address, phone number, email address, financial information, and information related to your prescription medication insurance and treatment. This information will be used by Janssen Pharmaceuticals, Inc., and its service providers to determine your eligibility for, enroll you in, and administer the program. The information will also be used to learn more about the people who use the program, to improve the program, and will be shared with service providers supporting the program.

If you have Medicare Prescription Drug Coverage (Part D) you may be asked to attest to or submit a report from your pharmacy or an Explanation of Benefits (EOB) statement from your insurer that shows your out-of-pocket costs for the current year. To qualify for the program, 4% of your gross annual household income must be spent on out-of-pocket prescription expenses for you and/or other members of your household.

This program offer may not be used with any other coupon, discount, prescription savings card, free trial, or other offer. Offer good only in the United States and its territories. Void where prohibited, taxed, or limited by law. Program terms will expire at the end of each calendar year and may change or end without notice, including in specific states.

You may end your participation in the program at any time by calling 833-742-0791, Monday through Friday, 8:00 AM to 8:00 PM ET.
