

## ZEBRAS

**Body** - Cut wavy stripes from white duct tape and adhere to a long-sleeved black T-shirt and pants.

**Hat** - Rip off an 18" piece of duct tape; place on work surface sticky-side up. Across length of strip, cover  $\frac{1}{2}$ " of tape with parchment paper; place another 18" piece on top so parchment paper is sandwiched between two strips of tape. Adhere 3" pieces of black duct tape every few inches along both sides so the color alternates between black and white. Make a 1" fringe with scissors. Carefully remove parchment paper, exposing adhesive, and adhere to hat (let the strip hang down in back). Cut 2" tall ear shapes from a double-wide piece of back-to-back white duct tape (use the same parchment paper release technique). Cut a smaller black ear shape and stick to front. Adhere ears to either side of mane.
