

Corporate Medicine, Injured Workers, ACOEM and Labor ~National Educational Conference ~

March 26, 2011

10:00 AM -5:00 PM

800 2nd St./Embarcadero Next to AT&T Stadium San Francisco

A national education conference on the role of the American College of Occupational and Environmental Medicine (ACOEM) on workers compensation healthcare in California and nationally.

ACOEM rules for healthcare of injured workers have been imbedded into the law in California. ACOEM has prevented injured workers from obtaining acupuncture, obtaining treatment for musculoskeletal injuries and obtaining treatment for environmental illnesses caused by the work place.

The issue of the corporate control of science and it's affect on injured workers will be examined.

Speakers include:

Dr. Larry Rose, CalOSHA (retired)
Daniel Berman, Author Of Death On The Job,
Dr. Jack Thrasher, Toxicologist and Author
Sharon Kramer, Integrity in Health Marketing Advocate
Timothy Hack, California Injured Worker, Toyota of Poway
Dina Padilla, ILWU Local 34
