

Dear Mr Jefferson,

Request for information: Council building closures since 2010

Please see the list below showing the number of Council owned buildings that have closed since 2010;

West Berkshire Council Community Information Office, 1<sup>st</sup> Floor,  
Sainsburys, RG31 7SA

Two public toilets have closed in recent years;

Pembroke Road, Newbury – part of Pembroke Road car park and Station Road in Pangbourne.

Greenham House, Greenham Road, Newbury, Berks, RG14 7HS was closed and sold in 2011. Greenham house was a staff building and the staff relocated to a different building when the upkeep of the listed building became expensive.

Chestnut Walk care home was closed during phase 2 of the savings in 2015.

In the 2010 restructure the Council reduced the number of day centres from 9 to 3. However, the 6 centres that closed were not owned by the Council and the landlords have continued to rent them to other users.
