Notes from the Crew

With the month of August comes the end of summer for all the students in our lives. As they say goodbye to sunny days outside and sleeping in, they also say hello to school and band! And boy do we love band. Unfortunately this year there will not be as many music programs for children to discover music. There are many private teachers that can help fill the gap if your child is interested in music. We have several that teach at our stores as do the other stores in the area. We also have an extensive list of local teachers. You can call or stop in to get a copy. We also rent band and orchestra instruments if your child's school does not supply them. Band usually starts in September which just happens to be Pirate Month here at the Mart, so you can save on the cost of music supplies if you shop here. You just might get the lucky 50% off doubloon.

The Crew

All our rental instruments are owned by Fortuna Music Mart. We do not outsource any rentals. That means all the money stays in Humboldt County. Basic wear and tear from normal use is covered during the rental period. We also do all our own repairs in house. Rentals all come with a case and the required lubes/oils for proper maintenance. Most instruments are new or gently used.
