

Embellishments

You will need:
Papers
Old map paper
Scraps of scrapbooking paper
Or use your own painted papers

If you don't have a die cutter or punches you can download shape templates and use scissors to cut out the pieces.

Choose a theme for your embellishments – I chose birds, flowers, butterflies and hearts.

Tools
Scissors
Gluestick
Punches
Die cutter & shape dies
Rubber/clear stamps & Inkpad

1 Cut out a circle in two different sizes and from different papers. I used my Cuttlebug. You could choose a different shape.

2 Lay out all the circles.

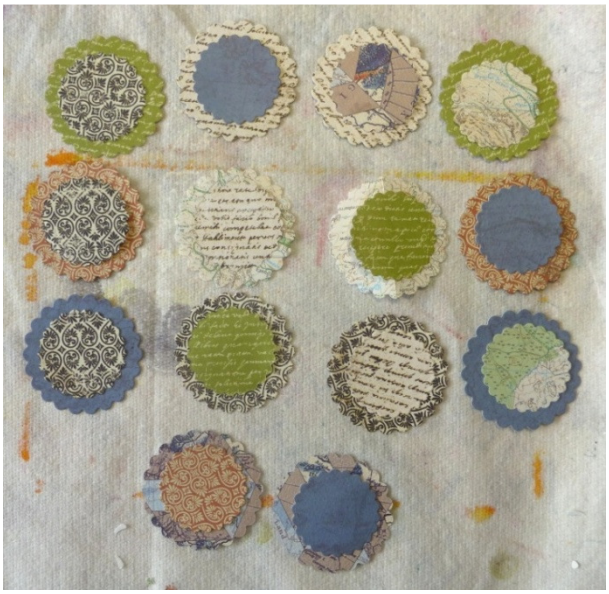

3 Stamp the birds, hearts and flowers on some old map paper and punch out some butterflies and flowers.

4 Cut out the stamped shapes.

5 Put the smaller circles on the larger ones.

6 Choose the image to go on the top.

7 Glue each layer together.
