Dental Pro 7 is naturally produced from 100 % pure essential oils with potent antibacterial and anti-fungal properties. Since it is oil-based, it efficiently works its way deep under the gum line to wipe out all the harmful bacteria. Given that you keep using <u>Dental Pro 7<sup>™</sup></u> daily, the bacteria is restricted, and your gums can recover themselves naturally over time - just like a finger cut that develops new skin when kept free from germs.
