

## OXFAM CORRUPTION DIG, con't. Nov 1, 2018

In an earlier discussion (see pb), Oxfam was found to have widespread involvement with child trafficking. So anons started digging on this.

**I searched on Oxfam in Central America (because it's relevant to caravans).**

I discovered that two big contributors to Oxfam include the **Gates Foundation & Soros' Open Society**. (There are others, so there's plenty of digging to do on the lesser known individuals/organizations; see pb for leads, Notables)

-----

1. When I looked at **Central America**, I found the most material on Gates Foundation working with Oxfam.

BEST DIGGING: This article is a gold mine. There is so much there I couldn't begin to dig it all out. Gates Foundation has all kinds of tentacles in various Central American countries—San Salvador, Nicaragua, Costa Rica, probably more.

2. 62 page pdf found: "The 2017 Central America Philanthropy Guide: Grant Information for Over 300 Local NGO's."

Searching on "Gates Oxfam Central America" turned up this NGO Pro-Vida, based in El Salvador; both Gates and Oxfam are big donors:

El Salvador: "Asociación Salvadoreña de Ayuda Humanitaria (PRO-VIDA) PRO-VIDA is committed to sustainable development and reaching underserved populations by providing support to families facing drought-related food insecurity. [www.asociacionprovida.org.sv](http://www.asociacionprovida.org.sv)"

**Bill & Melinda Gates Foundation \$524,911**

**Oxfam America \$310,183**

(If you search inside the pdf on "Oxfam" alone, there are 28 results! Mostly Oxfam America)

3. **BIGGEST BEST FIND WAS LAST!!!** from "Oxfam Gates Foundation Central America":

**"Chair of Oxfam International arrested on corruption charges in Guatemala: Juan Alberto Fuentes detained over charges relating to his time as Guatemala's finance minister, in fresh scandal for organisation embroiled in sexual exploitation allegations"**
