

# Whittled Ring (Scarf ring or Woggle)

**SAFETY: Wear a safety glove / work glove for this project please.**

Make sure that your knife is sharp and that it has a good point.

A palm drill or hand drill can help start the hole.

**1. Cut a piece of green wood.**

Freshly cut 'green' wood is softer and easier to carve.

Choose a piece with no cracks or flaws.

**2. Start the hole, you can use a palm drill / hand drill to get you started.**

**3. Work equally on both sides of the piece of wood.**

**4. Gradually enlarge the hole.**

**5. Finish of with sandpaper.**
