5. Trim each inside pg. by ¼ in. on each side but the fold edge.
6. When assembled, the cut edge of the pages will go in the spine.
7. Stack the pages in the following order:

YHVH made me.
He made my abba.
He made my eema
He gave me a house to live in.
He gave me flowers to smell.
He gave me butterflies to catch.
Thank you, YHVH, for a beautiful world.
YHVH loves me!
8. Put the pages inside the cover, again, so the cut edge is in the

spine.

9. Put three staples along the edge, you may have to work at it.

10. Enjoy!

My eight year old practices her reading skills by reading it to her younger siblings. It would also make for some lovely informal teaching on Torah living for the little ones. Blessings!
